

CFANS-DMC Coffee Hour:

An Introduction to Teaching Technologies

Kim Wilcox, Scott Barnard, Keith Brown, DMC
wilco001@umn.edu, scott@umn.edu, brown299@umn.edu

Who and what is the DMC?

Digital Media Center,
Office of Information Technology

- dmc@umn.edu, 625-8030
- <http://dmc.umn.edu>
- 69 McNeal Hall, St. Paul
- 212 Walter Library, Minneapolis

Who and what is the DMC?

The Digital Media Center advances the thoughtful application of digital technologies by faculty, staff, and students through research, design, training, professional development, consultation, and evaluation services.

Who and what is the DMC?

DMC Services

- Emerging Academic Technology Services
- Evaluation and Research Services
- Faculty Development Programs & Consultation Services
- Training Services
- Usability Services

Who and what is the DMC?

DMC Services

- Emerging Academic Technology Services
- Evaluation and Research Services
- Faculty Development Programs & Consultation Services
- Training Services
- Usability Services

Why use teaching technologies?

- Student expectations and benefits
 - Many of today's students expect *at least* a course web site
 - This provides anytime-anywhere access to information and materials
 - Students can see their progress in a course
 - Course tools provide opportunities for engagement and active learning

Why use teaching technologies?

- Benefits to the instructor
 - Students have anytime-anywhere access to information and materials!
 - Students can see their progress in the course
 - Course tools provide opportunities for engagement and active learning
 - Course sites can be copied for future semesters

What teaching technologies are available?

- Non-course management tools
 - iTunes U
 - UTools

What teaching technologies are available?

- MyU Portal
- Course Management Systems
 - Moodle
 - WebVista
